Work Experience

NOV 2021 – PRESENT

Senior UX Designer at 3 Minds Digital

MAY 2021 – NOV 2021

UX Designer at 3 Minds Digital

I work in a multi-disciplinary team to design, envision and conceptualize a digital tool for various projects. I contribute to team efforts with user research, wireframing, UI and overall experience design, as well as interactions, and prototyping.

APR 2018 – JULY 2019

Associate Designer at Urban Elements

Worked on creating ideas keeping in mind client's needs, building's usage, and environmental impact along with high quality, innovative and functional design. The work also included site visits and preparing drawings, specifications, and construction documents.

APR 2018 – JULY 2019

Intern Architect at Arcon Associates

Worked on commercial and residential projects at various levels such as designing stage, drawing completion, calculations of area. I also helped in producing construction documents in AutoCAD and Revit and 3-dimensional visualization of the same.
